LEADERSHIP FOCUS is an online ministry development tool, designed to equip and strengthen leaders in the Church of God through relational training with a missional perspective. We are fully committed to serve you through your credentialing by supporting you in your development as a leader.

While this tool is the format for preparing credentials candidates, it is also relevant and effective for pastors, training boards and committees, and congregations desiring to grow in effectiveness and mission in their kingdom impact.

We believe in a missional approach to leadership development, and believe there are certain characteristics that those responding to a call to lead should possess. We particularly look for such qualities in those pursuing credentials. We believe that rising leaders should be:

- Diligent in learning and growth
- Passionate about a compelling call to mission and ministry
- Committed to interdependent relationships that further the kingdom
- A person of strong integrity and clear moral direction

PROCESS

Leadership Focus is a six-module curriculum
designed to prepare leaders for ordination in
alignment with our goals and values.
Candidates are assigned to a cluster group
that they will “journey” with throughout the
process; each cluster is comprised of three
to five individuals from a variety of locations

across the country. An experienced coach
is assigned to the cluster for each module.
Candidates will review and complete
assignments, access general module
resources, and track progress using the
Leadership Focus Portal. Each module is
six months in duration. At the end of the
process, a candidate will have spent two-
and-a-half years with their cluster group
members and been guided by five
different coaches. The six modules are:

- > Commencement
(introductory module)
- > Character
- > Competencies
- > Confessions
- > Connectivity
- > Celebrations

Leadership Focus candidates are gaining
competencies in people skills, life cycles,
team building, conflict resolution, ethics,
healthy boundaries, sound financial
principles, theology, missional leadership,
and a number of other practical skills.
